Hi Steve:

June and I would like to formally thank you for everything you did to accomplish the sale of our commercial property in Teton Village.

It was a long process and there were many hurdles to overcome. Despite all the adversity, you continued to work tirelessly, never becoming discouraged or losing focus. June and I were more than impressed with your unwavering perseverance. That combined with your local knowledge, and legal background, resulted in a very positive outcome for our family.

You are a premier realtor in the Jackson Hole Valley, and the State of Wyoming. Consequently, anyone that is fortunate enough to have you as their representative should consider themselves very lucky.

Thank you again Steve for all your great work.
